Northview Golf & Country Club (Canal and Ridge Courses)

A round at Northview's Ridge Course is a chance to compare your game to the likes of the biggest names in the golf world. King of Golf Arnold Palmer designed two courses at Northview, infusing his personality and playing style into the green.

The courses find themselves intermingled in environmental areas, plentiful with marshes, grasslands, streams and canals to create a one of a kind atmosphere. Northview Golf and Country club houses two Arnold Palmer courses, the Ridge, and Canal courses, which mirror Scottish Links courses, only with the added beauty of the North Shore Mountains and BC vegetation. These courses live up to PGA standards, as Northview hosted the tour for seven years, maintained by the design and conditioning of the courses themselves.

Mayfair Lakes Golf Club

With the towering beauty of Vancouver's North Shore Mountains serving as a backdrop, Mayfair Lakes in Richmond is a genuine golf sanctuary, offering year-round golf in a secluded country ambiance that's just minutes from Vancouver. The intrigue lies in the abundance of lakes and waterways that come into play on 13 of the 18 holes, adding as much challenge as aesthetic appeal to the course.

This Les Furber design has had the privilege of hosting many national tour events, including the Canadian Tour's Telus Open and BC Tel Open (1994-2000), and continues to rank as a favourite among PGA and Canadian PGA tour professionals.
